WisDOT seeking public input on I-90, Bainbridge Street bridge work

The Wisconsin Department of Transportation (WisDOT) is seeking public input on bridge work along I-90 in the Town of Campbell, including improvements to the Bainbridge Street bicycle/pedestrian crossing over the Interstate.

The project, currently scheduled for 2024, is designed to preserve and rehabilitate four Interstate bridges and the Bainbridge Street overpass on French Island. Single lane closures are anticipated on the Interstate during construction. The bicycle/pedestrian overpass is expected to be closed and detoured to County BW (Lakeshore Drive) during construction.

Questions and comments can be directed to Michael Greiner at (608) 789-5958 or by email at michaelj.greiner@dot.wi.gov. Written comments can be mailed to the Wisconsin Department of Transportation (WisDOT) Southwest Region, 3550 Mormon Coulee Road, La Crosse, WI 54601. Comments received by September 30, 2020, will be included in the project's environmental document for review by the Federal Highway Administration.

The project website can be viewed at www.wisconsin.gov (search I-90 La Crosse Area Bridges).
