**3) Business:**

**A)** Discussion and possible action regarding support for La Crosse County's RAISE Grant application for the County Highway B Reconstruction Project to include water infrastructure.

Ron Chamberlain, La Crosse County Highway Commissioner, addressed the Board regarding the RAISE Grant application. He explained that the Town has an opportunity to submit a water infrastructure project as part of the grant application with 50/50 matching funds. He explained that he believes including the water infrastructure project as part of the grant application would help the grant application score and increase the chances of the grant being approved. He also explained that the Town could back out of their portion of the project if funding is not available.

The consulting firm in charge of the grant application process estimated the water infrastructure project cost to be around two million dollars. The project would include running water mains and laterals along the entirety of the County B reconstruction project.

Chairman Johnson stated that he believes there is no downside to committing to the project at this time, as there is a chance for grant funding and the Town can back out of the project if funds are not available.

Motion by Supervisor Donahue/Supervisor Stratman to approve a letter of commitment to include a water infrastructure project as part of La Crosse County's RAISE Grant application. **Motion carried 4-0.**

**4) Adjournment of Meeting:**

Motion to adjourn made by Supervisor Thoren/Supervisor Donahue. **Motion carried 4-0. (5:19 p.m.)**
