April 23, 2023

As flooding continues on French Island we ask that **ONLY** residents travel throughout the island. Reduced traffic gives us a better ability to move emergency workers and equipment in a timely and efficient manner.

We encourage Campbell residents to use the 2-1-1 hotline to get additional information about safety precautions. This includes information about how and when to abandon or enter a home which may have been impacted by flood waters.

For safety, it is not recommended to enter a flooded home until it has been inspected by professionals. Homes impacted by flood waters can be compromised in many ways. This includes faulty utilities which can lead to electrical shock or gas leaks. The pressure of water both inside and outside a home can also potentially cause foundation and wall failures. We recommend professionals inspect your home for safety concerns to protect life and property.

Thank you for your cooperation.

Lee Donahue

Town of Campbell
